REHEARSAL OF WEDDING CEREMONY

Arrangements Completed for the Marriage of the President's Daughter

DISTINGUISHED COMPANY

Has Been Invited and Ceremony Will Be a Brilliant Affair — Many Beautiful Gifts Have Been Received

WASHINGTON, Nov. 24.—Finishing touches on arrangements for the white house wedding were in evidence in the historic east room today and a rehearsal of the cere-

mony late in the afternoon completed all the plans for tomorrow's program when Jessie Wilson, the president's second daughter will become the wife of Francis B. Sayre. Gifts and guests continued to arrive during the day. While the number of guests will be much smaller than

at the wedding of Alice Roosevelt and Nicholas Longworth, a distinguished company has been invited and the ceremony tomorrow promises to be a brilliant one.

The house of representatives has adjourned until Wednesday and while the senate has planned to work on the day of the wedding, it may adjourn in time to permit those of its membership who have been invited to attend.

Dr. Winifred T. Grenfell the Labrador coast mission worker and chief of the Eskimo hospital at Igloolik is expected to be present.

Mr. Joseph and Mr. Sarre, who is to be the best man, arrived here today. Mrs. Sarre, mother of the groom-to-be, was expected late in the afternoon to be a guest at the white house. Numbers of guests from Princeton also, began arriving. Many members of the Princeton faculty and veteran residents of the town, who have been long and close friends of President and Mrs. Wilson and their daughters, have received their coveted invitations. Although no guest list has been permitted to become public at the white house, it is known that the invitations have been limited almost entirely to Princetonians.

entirely to personal friends or Mr. Sayre. Miss Wilson and the two families. No invitations have been issued to senators or representatives as such, though a few have been invited and outside of the cabinet, diplomatic and consular.

As the wedding gifts have arrived they have been placed in one of the largest rooms on the second floor of the white house where the members of the Wilson family have personally supervised.

**WILLA DECLARES
HE INTENDS TO
HOLD JUAREZ**

(ASSOCIATED PRESS TELEGRAM)
El Paso, Nov. 24.—So far as
known in Juarez today there has
been no fighting between the Fed-
erals and Rebels south of Juarez.
The Rebels were stretched across
the country from east to west, 13 or
14 miles south of Juarez last night.
While their commander, General
Facundo Villa was in Juarez ar-
ranging to send supplies to them.
The Federals, according to Villa re-
ported Saturday from a point 13

... south of Juarez, which they had reached in their advance when they saw the Rebels marching out. He immediately camped and does not know what became of the Federals but says if they do not attack him soon he will press south after them. His objective is the city of Chihuahua. He declares he intends to hold Juarez or die fighting.

Governor Tener to Become the President of the National League

Governor John K. Tener of Pennsylvania has virtually announced that he will accept election to the presidency of the National League of Baseball clubs at the annual meeting this December. He will remain governor of Pennsylvania till his term expires in January, 1915, and Secretary Heydler will act for him in matters of detail for a year. Governor Tener, as every baseball fan knows, was a great baseball player in his day. He made a living

as a professional player for some years. After his retirement he entered politics with the result that he was elected governor of the second largest state in the Union. It is said his salary is to be \$25,000 a year, and his election will be for a term of four years. Thus the National league magnates believe they will have an official able to cope with the astute and forceful Ben Johnson, president of the American league.

TENER WOULD BE THE REAL BOSS IF ELECTED

(Associated Press Telegram) New York, Nov. 24.—It is believed in sporting circles here that Governor John K. Tener, of Pennsylvania who is slated for the election as president of the National Baseball league at the annual meeting which will be held here on Dec. 9, would, if elected, at once become "the real boss" of the league's affairs, although he will draw no salary as league president until expiration of his term as governor, Jan. 1, 1915. It is understood that if elected Governor Tener would find time to visit league headquarters in this city at least two days each week and to be an active member of the national baseball commission upon automatically becoming a part of that baseball court on January 1, next.

It isn't only the absent-minded man who is always losing his temper.

ROOTERS HAD A SPECIAL CAR FROM DELAWARE

Celebrated Football Victory in the Capital City and Attended Theatre—College Town News.

(Special to the Advocate) Granville, O., Nov. 24.—A special car carrying over one hundred rooters and the Denison football team returning from Delaware arrived Sunday morning at 2:30. The Denison contingent stopped over at Columbus to celebrate Saturday evening. A large number patronized the Hartman and the Broadway vaudeville theatre which is becoming quite popular with Newark and Granville people. Leroy Sargent, a former student at Denison spent Saturday and Sunday in Granville, visiting friends. He will return Monday to his home in Winnipeg, Canada. Mr. and Mrs. Ford McCollum will depart this week for Pittsburgh where they will reside. They have lived in Granville a long time, and will be greatly missed by their numerous friends.

Earl Watkins was a Columbus visitor Saturday and attended the Ohio State-Northwestern football game. W. J. Livingston and wife spent Sunday in Marysville with friends. Denison enthusiasts were pleasantly surprised to hear that the cross-country team won a place at Columbus Saturday. This may be recognized as a high honor, as the institutions represented were much larger than Denison. The finish and score was as follows: Wisconsin, 72, Illinois 83, Ohio State 106, Ames 109, Purdue 117, Minnesota 117, Indiana 174, Northwestern 176, Denison 177, Chicago 199, Iowa 243. It will be noted that Northwestern finished but one point ahead of Denison and Indiana 3 points.

The Travelers club will hold a regular meeting this afternoon in the parlors of the Baptist church. The Denison University football team will leave in a special Pullman for Rochester at 4:55 p. m. Tuesday. Eighteen players will make the trip, accompanied by Coach Livingston and Manager E. L. Babb. The team expects to spend Wednesday in Buffalo and continue to Rochester Thursday morning.

WOMAN'S DANGER PERIOD

is said to be from 45 to 50. What should be a most natural change in a woman's life, is, on account of modern methods of living, fraught with most annoying and painful symptoms. Women when passing through this critical period should rely upon Lydia E. Pinkham's Vegetable Compound, as it has proved wonderfully successful in carrying women safely through the change of life.

GLASS OF SALTS CLEANS KIDNEYS

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active. Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

DONATION WEEK AT CITY HOSPITAL

For many years it has been the custom to observe Thanksgiving week as a donation time for the City Hospital.

One who has passed a Holiday in a Hospital either as patient, or nurse, can understand the cheer, a treat of fruit or flowers from the outside brings.

There are always some in the wards who may be forgotten, or who have no friends to send them this cheer.

Since the present superintendent has been in charge, four months twenty-six charity cases have been cared for, three of which were babies.

The Hospital desires to express its appreciation to the Public for past generosity and begs to remind you of this week of Thanksgiving, when your gratefulness for your own blessings can best be shown by giving others something to be thankful for. Fruit, flowers, jellies, grape-juice and linens are some suggestions.

The Bright Outlook
At This Thanksgiving

In these days of the Thanksgiving observation and discourse, it is satisfactory to get a public utterance from such a person as the venerable Joseph H. Choate, noted lawyer and former ambassador to Great Britain. Mr. Choate does not share any of the gloomy forebodings about the future of the country as has been predicted by Republican politicians since the Democratic party came into power.

In responding to a toast at the annual dinner of the Chamber of Commerce in New York he praised the President for his Mexican policy, and said in addition:

I believe there never was a time when the prospects of the people of the United States

were brighter and greater than they are today. Think what progress we have made in the last fifteen or twenty years!

The wide spread prevalence of this opinion is one of the notable things of this Thanksgiving season. The results of the 1912 election, as the Advocate has frequently stated, showed that the old-time Republican trick of trying to frighten voters on the eve of election by calamity howls about closed factories, idle men and soup houses had been played for probably the last time. Instead of these calamities we are having an industrial freedom that cannot fail to establish American prosperity for years to come. And it will be prosperity for the many instead of the select few.

Ohio's Schools

(Cincinnati Enquirer.)

"There never was a derelict laboring in stormy seas that sighted a sail with greater joy than has the school system of Ohio, the sight of a relief flag waved by the state administration. While the majority of people are surfeited with reforms and with reform agitation, scarce a dissenting voice has been heard in opposition to an attempted improvement in the schools of Ohio.

"Rural district schools have been starved for so many years that in many cases they have really died of emaciation. While there have been hundreds of worthy teachers in the schools in the country districts there have been other hundreds entirely unfitted for the arduous and immensely responsible duty of instructing the youth. Unfitted temperamentally, and unqualified educationally, there have been scores of so-called teachers who would have been doing a greater service for the state had they been splitting rails or washing dishes. They combined in their personalities nothing of inspiration to the young, and lacked that tact and finesse through which the true teacher makes the acquirement of education inspiring to the young.

"School properties have been neglected, and physical plants have often been, and still are, unfit for educational purposes. School boards have skimped and have been compelled to skimp in the matter of expenditures to such an extent that proper facilities have been impossible and the salaries offered to teachers entirely inadequate to secure competent instructors. There has been utter lack of system and woeful lack of discernment in the selection of curriculum and text

book. School terms have been short, and, all in all, the rural schools of Ohio have been a pathetic spectacle.

"All these, and other conditions not enumerated, are to be remedied. The spontaneity with which the people throughout the state have responded to Governor Cox's initiative has been most encouraging. One of the principal matters to be considered at the coming extraordinary session of the Assembly is the improvement of the schools. Much valuable data has been secured from other states that are far in advance of Ohio in the matter of common schools, and when the Legislature assembles at Columbus it will have something definite and tangible with which to proceed. The emancipation of the Ohio school system from the dark ages through which it has crawled like a mole is at hand, and it is coming none too quickly."

Railroad accidents are getting so frequent that thoughtful travellers will send wireless dispatches home at frequent intervals informing anxious friends that they are not smashed up thus far.

There is a feeling across the water that the United States should make the sacrifices involved in a war with Mexico so that European investors would be a little more sure of drawing their dividends.

The newspaper correspondents should not assume that the President is sending an ultimatum to Huerta every time he goes out to post a letter in the mail box.

Every one is now getting ready to mail an overweight package of various prostration to store and postal clerks as a holiday gift.

The annual expense of Christmas is \$20,000,000. A good active kid on hearing this starts in to smash up his gifts with some zest.

The football season now closing, a good many students will waste time studying their lessons.

On Second Thought

Every man is on trial before a jury composed of the women of his neighborhood. And the trial nearly always results in a conviction.

You probably have noticed that those whose voices are for war seldom enlist when recruits are called for.

You are too credulous if any of your money goes to the support of a clairvoyant.

Some men's lives run parallel to the three foot vein of trouble. Roland Molineaux, twice tried for murder, was hanged.

Board of Trade

Criticism of the Newark Board of Trade appears to be a popular pastime and so many are indulging in the game that a thoughtful citizen is led to inquire whether the flood of criticism is deserved and at the same time to look back and see what, if anything, the Board of Trade has accomplished.

It's the easiest thing in the world to criticize and criticism if accompanied by a proposed remedy is always welcome but the rule is simply to "knock" and let it go at that.

The Board of Trade has made some mistakes but can you pick out a successful business man anywhere on this earth who has made no mistakes? The only people who make no mistakes are those who do nothing.

Can those who are free with their criticism of the Board of Trade point to anything that they have themselves done for the welfare or development of Newark?

Has the Board of Trade done anything for this old town? Not much perhaps, but we must admit that it brought to Newark the Heisey Glass factory, the Jewett Car Works, the Ruzer Halter factory, the Smith Shoe company, the Advance company, and numerous other institutions, and through its efforts helped to enlarge the Wehrle Stove foundry and the Everett Glass factory. If it hadn't been for the Newark Board of Trade or a similar organization doing the same work does anybody think that Newark today would be a city of 20,000 people?

About four years ago the Board of Trade which up to that time had devoted its efforts wholly along the line of factory development attempted several new lines of work. For example the Board established an annual clean-up day which improved the appearance of the city, helped the health of the community and Fire Chief Bausch in his annual reports declared it has helped materially to keep down the fire loss. Is that worth anything?

The Board of Trade has had thousands of trees planted over town, has been instrumental in having many miles of new sidewalks put down—why, four years ago one couldn't walk around the court house square

and once divorced, is married again.

Buck Kilby says his wife, upon whom the right of suffrage recently has been conferred will vote for the candidate who keeps his nails manicured.

Poor taste in jewelry seems universal. The Gettysburg folk have given Eddie Plank a diamond cluster scarf pin.

Buck Kilby says that in the category of attempts at masculine ornamentation there are two grave offenses. One of them is the cluster scarf pin and the other is the purple cravat.

MOTHER TELLS

How Her Little Girl Was Restored to Health.

Mrs. Chas. Schriefer of 139 Hiram St., Brooklyn, N. Y., says: "My little girl was frail, sickly and all run down after having had the grippe. I was advised to give her Vinol and after the first bottle noticed on improvement. She has taken four bottles and has picked up rapidly, having gained six pounds in three weeks."

The reason Vinol builds up weak, ailing children so quickly is because it contains a delicious combination of the two most world famous tonics—i.e., the strengthening, body building elements of cod liver oil, with all the useless grease eliminated, and tonic iron for the blood added. If you have a weak, puny, ailing child, try Vinol on our offer to return your money if it fails to benefit your little one. Frank D. Hall, druggist, Newark, O.

P. S. If you have Eczema try our Saxo Salve. We guarantee it.

Beirut, in 1911 and 1912, imported 145,000 sacks of flour of 220 pounds each.

without turning an ankle on a broken-down pavement. The Board of Trade took a leading part in raising \$50,000 for the new hospital, it has helped materially to put the library on its feet, it started the movement that led to the establishment of playgrounds for children, it financed the new Y. W. C. A., it lighted the court house dome, paved the way for better illumination of the city and installed the public square "bubble fountains." These are only a few of the things accomplished and can anybody say that none of this should have been done?

What then is all the criticism about? It seems to be principally over the encampment ground transaction and the endorsement of a bill pending in the legislature last winter and there are men here who are apparently forgetful of all the good that has been done by the Board of Trade and are only willing to remember the apparent mistakes that have been made. While many contend that the encampment ground should not have been leased to the Country Club it should be remembered that the lease provides that the public has free access to the ground and that the lease may be cancelled upon reasonable terms when the time comes to make the ground into a public park. The recent Board of Directors acted in good faith in adopting a resolution on the Haas bill and the directors were free to admit that the action was taken too hastily and was in fact a mistake. But again, who makes mistakes the man who "does things" or the man who does nothing?

Which would you rather have for a neighbor, a booster or a knocker? Which is the better citizen?

What do the critics of the Board of Trade mean? What do they want? They propose to tear down but don't suggest a way to build up.

Is it not time to quit hammering the Board of Trade? It's time for the Board of Trade to quit dwelling upon it. It's time to cut out the cheap wit and get down to business. Let's remember that this organization has done a great deal for Newark and that if it is kept intact it will do much more but no body of directors can be expected to accomplish anything while the anvils are so noisy.

Uncle Walt

The Hog.

Of all domestic brutes the hog for swinishness is worst; in all the bestial catalogue he's easily the first.

For others he has no regard, has no concern at all; the weaker pigs he pushes hard, and sends them to the wall. He gets his legs inside the trough and sips the sparkling slop, and to other hogs must root him off if they would get a drop. And when he's riding in a car, two seats he'll occupy, and smoke a black and rank cigar, while women gasp and cry. In mudholes he's inclined to doze, when there's no grub about; a ring is fastened through his nose, so he can't tunnel out. And when he drives abroad by day, in auto car or sash, all folks, to give him right of way, must drive into the ditch. Oh, whether he is in a pen, with garbage heaps to chew, or in the busy haunts of men, the hog's a hog all through. You see him fighting for the slop amid the barnyard gloom; you see him in the barber shop, in public reading room; you find him in the synagogue and in the taverns fine; the hog is evermore a hog, when he is not a swine.

The many warm friends of Miss Zoe Fulton, daughter of Judge T. B. Fulton, will be pleased to hear that Miss Fulton will appear in recital at Toledo the first week in December and Detroit in January. The Musical Leader of Chicago says:

"The Mendelssohn Club of Detroit has engaged Zoe Fulton, the prominent contralto of beautiful voice and effective method, as one of the soloists for the annual performance of the 'Mendelssohn' on January 16th."

"Miss Fulton will sing in very distinguished company for the soprano announced in Johannes Gadski, George Harris Jr., is to be the tenor and negotiations are in progress for the engagement of a very eminent basso, whose name will be announced as soon as the contract is signed."

Miss Fulton deserves a most decided success and the well wishes of her Newark friends go with her. Miss Fulton expects to spend Thanksgiving with her parents.

One of the prettiest parties of the season was that given last Friday evening when Dr. and Mrs. Calvin Hazlett entertained the members of the choir and music committee of the First Presbyterian church and a few invited guests in their home in Hudson avenue. The home was beautifully decorated with cut flowers and greenery. The color scheme was red and was carried out with carnations and bitter sweet berries. The chandeliers were festooned with greenery as were the fire places. Several interesting contests were indulged in. A dainty two course luncheon was served, after which several musical numbers were given by the choir.

GREEN-POWERS.

At ten o'clock Saturday morning, Dr. Sparks united in wedlock Mr. D. Lake Green and Miss Nina Ellen Powers, highly esteemed young people from the vicinity of Johnstown. The ceremony took place at Mr. Sparks' home on North Fifth street, and at its conclusion the happy couple left on a short wedding trip. On their return they will be at home to their friends on a farm near Johnstown.

MILLER-WESTBROOK.

At two o'clock Saturday afternoon Dr. Sparks solemnized the marriage of Mr. Ernest J. Miller and Miss Bertha Westbrook, well known young people of this city. They were married at the minister's home on North Fifth street and were attended by Mr. Paul Miller and wife, the former being a brother of the bridegroom. They will reside in Newark.

The members of the Review club were entertained on Saturday at the home of Mrs. John Tucker in East Main street. The following program was given from the calendar:

Quotations—Mrs. Bertha D. Nye.

Landscapes—Painters—Mrs. W. D. Fulton.

What I Saw in England—Mrs. Edward Kibler, Sr.

The week's meeting of the Coterie club was featured by a musicale which was given on Friday evening at the home of Mr. and Mrs. F. P. Winn, in Maple avenue. The rooms were prettily arranged with laurel, while a profusion of pink and white chrysanthemums and carnations was used. Music was furnished during hours by an orchestra, composed of Byron Winn, Lee Risher, Richard Fatig, Paul Pfeiffer and Charles Pfeiffer. The orchestra which gave a delightful program added much to the occasion by playing during the reception and supper hours.

The following program was given: Piano duet, "Minstrel's Serenade" by Mrs. Homer Rogers and Mrs. Thurman Tower.

Vocal Solos, Chanson De Printemps by Charminade; Cradle Song by Reiss; A Perfect Day, by Carrie Jacobs Bond—Mrs. Tenny Reese.

Piano solo, Marche Mignonne by Edward Poldini—Miss Bessie Glenn.

Flute Solos, Pip's Serenade; Aria from Faust—Mrs. K. I. Dickerson, accompanied by Miss Glenn.

Vocal solos, Goodbye, Sweet Day; Groves of Sweet Myrtle—Miss Bertha Julian.

Piano duet, Overture by Beethoven—Miss Glenn and Mrs. Reese.

Following the program all engaged in a contest, A Musical Love Story.

A two course supper was served.

Mrs. Winn was assisted by Mrs. Tower and Mrs. Shaw.

The following members and guests were present: Mr. and Mrs. Edward

Wedding Cake for Miss Jessie Wilson.

Mrs. Winn was assisted in entertaining by Mrs. Thurman Tower and Mrs. J. W. Shaw, who were assistant hostesses.

A wedding of unusual interest to Newark friends is that of Mr. George E. Pickup of this city and Mrs. Gertrude Bookwalter which will be solemnized in Columbus on the morning of Thanksgiving Day.

The wedding will take place at the Broad Street church, and following the church service a wedding breakfast will be served in the Crittenden hotel. Mr. Pickup with his bride will leave for the east and from New York will sail for Europe where they will spend several months. Mrs. Bookwalter is well known in the business and social circles of Newark, having been associated with the work of financing the Florence Crittenden Home in Columbus. Mr. Pickup is superintendent of the Wehrle company in this city.

PUPILS VERSED IN FIRE DRILL.

(Associated Press Telegram)

Durham, Nov. 24.—Perfect execution of a fire drill evicted the Huffman school of pupils today in two minutes, and without a mishap. Most of the children slid to safety through a spiral fire escape. A small fire in the basement caused by a lit cigarette, carelessly thrown into some waste, resulted in small property loss.

CANAL BOAT OWNER DIED IN NEWARK MONDAY

Edward Conley After Six Years' Illness Dies From Stroke of Paralysis—Was an Old Pioneer.

Edward Conley, aged eighty-one years, prominent in bygone days as a canalboat owner, died Monday morning at three o'clock at his home, 91 Western avenue, after lying a helpless invalid for six years following a stroke of paralysis. In his passing, Newark loses another pioneer citizen who has witnessed the growth of the city from a canalboat station to one of the most progressive municipalities in the state.

Mr. Conley was born in County Tipperary, Ireland, in 1833 and while yet a small child, he came to this country with his parents. For several years before he attained his majority, he drove the horses and piloted the canal boat teams over the water route from Portsmouth to the canal. He continued this life until he was stricken six years ago. A year later, he moved back to Newark and purchased the home in Western avenue where he patiently awaited the summons of his Maker.

He is survived by his wife and two daughters, Mrs. Cora Elwira Thompson and Mrs. Nannie Grove. He also leaves two brothers and two sisters, Mrs. Anna Newery and Mrs. Elizabeth Roberts of New York City, Richard Conley of Newark and William Conley of Columbus.

The body was removed to the home of his daughter, Mrs. Thompson in Mahon street where it will remain until the hour of the funeral, 6 o'clock Wednesday morning at St. Francis de Sales church. Interment at Mt. Calvary cemetery.

HAVE COLOR IN YOUR CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is pale—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with the patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

If you want a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like a cloud day, you must get at the cause. Dr. Edwards' Olive Tablets—on the liver, and bowels like calomel—yet have no dangerous after-effects. They start the bile and become constipation. That's why millions of boxes are sold annually at 10c and 25c per box.

Take one or two nightly and note the pleasing results. The Olive Tablet Company, Columbus, Ohio. All druggists.

IMPRESSIVE MEMORIAL SERVICES

Beautiful and impressive Memorial services were held on Sunday afternoon by the members of the Union Veteran Legion Encampment No. 31. The services were held in Memorial hall at 2 o'clock, and the National commander, Gen. George H. Playford, delivered an excellent address as did General A. B. Brown of Zanesville.
General Playford was accompanied to Newark by his wife and his daughter, Mrs. F. P. Helbig, General R. E. Brown and several other members of the Union Veteran Legion and Woman's Auxiliary of Zanesville.
A very interesting program was given made up of addresses, vocal and instrumental numbers. A large audience assembled to honor the deceased members of the order.

CHURCH SUPPERS SERVED FOR 25c NOT PROFITABLE

Church suppers at 25 cents occupy a high rank in the bargains which are taken advantage of by Newark people. This is indicated by the fact that where all the materials used in making up the menu are purchased outright, there is a deficit when a balance is struck by the ladies in charge of the supper.
The women of the First Presbyterian church for the past several years have been making a fair profit on their suppers, due to the fact that most of the food for the menus is donated or purchased with money given by members who gave no food.
At the Second Presbyterian church a week or more ago, a supper was given and though the charge was the same, 25 cents per plate, there was a deficit of more than \$3 when all bills were paid. The church ladies superintended the service but the kitchen help was paid for. More than 300 suppers were served.

MEET AFTER MANY YEARS

(Associated Press Telegram)
New York, Nov. 23.—After an absence of 17 years, Braxwell Booth and Ballington Booth shook hands today as the luncheon guests of the Rev. Allen L. Bennett, a mutual friend.
The meeting was private and, according to announcement, was a brief one, entirely concerned with personal matters.
Presumably the suggested amalgamation of the Salvation Army and the Volunteers of America, of which the Booths are the respective heads, was not successful.

UNIQUE WILL MADE FORTY-TWO YEARS AGO

An echo of court procedure back in 1871 came up for consideration in the office of the county clerk, Monday. The matter involves the unique will of George H. Bennett, of Bennington township.
Mr. Bennett died in 1871, leaving \$1000 to three trustees. These trustees were Henry Shiner, George Weyant and David Hatfield. The money was to be placed on interest of the trustees, and the interest was to be divided among the three in keeping up the cemetery in which Mr. Bennett's body is buried. Every three years the trustees are to report to the court. All of the original trustees are dead. The court appointed their successors. Willis H. Shiner of Bennington township, succeeds his father, Henry Shiner; David Hatfield, and the court appointed V. L. Graves to succeed Geo. Weyant.
W. H. Shiner sought out the records, Monday, in anticipation of the trustees filing their report which is due this year.

Partition Suit.

James A. Smith, son of Joseph R. Smith, deceased, filed suit in common pleas court, Monday, for partition of real estate and setting off the several claims of heirs to property of the deceased. The land is situated in Mary Ann township.

KILLED IN COMING IN CONTACT WITH A HIGH TENSION WIRE

(Associated Press Telegram)
Akron, O., Nov. 24.—C. A. Giffin, 26, Trone, Va., employed as a lineman for the Northern Ohio Traction and Light company, was instantly killed as he crossed this afternoon when 2,000 volts of electricity passed through his body. Giffin was working at the top of a 20-foot pole and brushed one of the high tension wires. He was dead when his body struck the ground.

HOW TO TREAT CROUP EXTERNALLY

Rub Vick's "Van-O-Rub" Croup and Pneumonia Salve well over the throat and chest for a few minutes and then cover with a warm flannel cloth. Leave the covering loose around the neck so that the vapors inhaled may loosen the choking phlegm and open the air passages. Usually one treatment relieves in fifteen minutes. One application at bedtime will prevent a night attack. Vick's will be found better than internal medicines for all inflammation of the air passages from colds and catarrh down to bronchitis and incipient pneumonia. Three sizes—25c, 50c and \$1.00.

A SOUR STOMACH GAS, INDIGESTION

Each "Pape's Diapepsin" digests
2,000 grains food, ending stom-
ach misery in five minutes.

If what you just ate is souring on
your stomach or lies like a lump of
lead, refusing to digest, or you belch
gas and eructate sour, undigested
food, or have a feeling of distension,
heartburn, fullness, nausea, bad
taste in mouth and stomach head-
ache, you can get blessed relief in
five minutes.

Ask your pharmacist to show you
the formula, plainly printed on
these fifty-cent cases of Pape's Dia-
pepsin, then you will understand
why dyspeptic troubles of all kinds
must go, and why they relieve sour,
out-of-order stomachs or indigestion
in five minutes. "Pape's Diapepsin"
is harmless; tastes like candy,
though each dose will digest and
prepare for assimilation into the
blood all the food you eat; besides
it makes you go to the table with a
healthy appetite; but, what will
please you most, is that you will feel
that your stomach and intestines are
clean and fresh and you will not
need to resort to laxatives or liver
pills for biliousness or constipation.

This city will have many "Pape's
Diapepsin" cranks, as some people
will call them, but you will be en-
thusiastic about this splendid stom-
ach preparation, too, if you ever take
it for indigestion, gases, heartburn,
sourness, dyspepsia, or any stomach
misery.

Get some now, this minute, and
rid yourself of stomach trouble and
indigestion in five minutes.

WILL TRY

(Continued from Page One.)
cians, which began in 1908, when
Dr. Knabe was assistant pathologist
in the laboratory of the state board
of health. In support of his lesser
circumstantial evidence, Webster
made the following disclosures:

A bitter quarrel is alleged to have
followed alleged attempts of Dr.
Craig to end a relationship which
had become objectionable to him.

Dr. Craig is alleged to have been
positively identified by Harry W.
Haskett as a man he met coming
out of the areaway between the
Vendome flats and the Delaware
apartments, where Dr. Knabe lived
shortly after 11 o'clock on the night
of October 23.

Dr. Craig is alleged to have known
of the death of Dr. Knabe on the
morning of October 24, before
anyone outside the apartment had
been informed of the findings of the
body.

Late on the night of October 23,
Dr. Craig is said to have returned to
his home and to have made a com-
plete change of clothing. Webster
said this information was furnished
him by Dr. Eva B. Templeton, who
claimed to have been told by Mrs.
Lydia Tennant, housekeeper for Dr.
Craig.

The wound in Dr. Knabe's throat
could have been inflicted only by a
person familiar with the human
anatomy and with a wound known
to butchers as the "sheep nick," and
described medically as being "an in-
cision in the throat which insures
death by bleeding without the
stourting of blood," according to
Webster.

Ragsdale is charged with visiting
the Knabe apartment at the in-
stance of the slayer and removing a
silk kimono from the body. This
kimono, worn by Dr. Knabe when
she answered professional calls in
her office on the night of October
23, was produced by Ragsdale, who
was appointed administrator of the
Knabe estate, on the order of the
grand jury. Ragsdale claimed to
have found the kimono among other
clothes while cleaning up the flat.

Assuming the contention, Webster
said he could produce witnesses
who would swear that there was no
such garment in the flat after the
body was found, as careful search
had been made for it. A chemical
analysis of a piece of silk from the
hem of the garment showed, it is
alleged, that it had been stained
with human blood and afterwards
washed with a strong chemical solu-
tion.

In his report, Webster told how
Dr. Craig had given Dr. Knabe a
place in the faculty of the Indiana
Veterinary college after she had left
the state board of health and was
making poor headway in establish-
ing a private practice. Dr. Knabe
began lecturing at the college in the
fall of 1909 and continued to do so
until the spring of 1911, when a
sudden estrangement sprang up be-
tween Dr. Knabe and Dr. Craig. She
ceased to deliver lectures because
of the opposition of Dr. Craig.

Dr. Knabe is alleged to have
called on Craig at his home on Sun-
day night, two days before her
death. She told her cousin, Augusta
Knabe, that she was going "to see
about the quarrel." The two are
said to have quarreled again, and
finally Dr. Craig took the woman
away in his automobile. Dr. Knabe
visited Craig's home again on the
night of her death, but Craig was
not at home.

The Local Council of Women has
employed several of the best crim-
inal lawyers in the state to assist
Prosecutor Frank Baker at the trial
of Craig.

Wisdom from Washington

By ARTHUR W. BURNES.

Washington, Nov. 24.—[Special.]—
"Suspend the free tolls provision in the
Panama canal act until diplomatic dif-
ferences can be adjusted." That is the
program arranged by Chairman Adam-
son of the Interstate and Foreign com-
merce committee and Congressman
Stevens, the ranking Republican mem-
ber of the committee.

Adamson and Stevens have worked
together harmoniously on most ques-
tions in congress and particularly in
regard to the canal. They opposed the
free tolls provision when it passed the
house, but were outvoted. The propo-
sition to suspend the provision will
"give the fellows who voted for free
tolls an opportunity to save their
faces," remarked Adamson.

"The coastwise shipping never de-
manded free tolls, and, as a matter of
fact, it makes no difference whether or
not they have free tolls. They have a
monopoly and can charge such rates
as they choose."

Would Have Cut Loose.

Many members of the house believe
that it would be better to do some-
thing for our foreign shipping than for
the coastwise trade, a view which is
shared by Adamson.

"I never did think we should have
made the Hay-Pauncefote treaty," he
said, "but we should have abrogated
the Clayton-Bulwer treaty and built
the canal on our own grounds and
managed it as we saw fit. We have
spent our money on it, and we ought
to control it. But in suspending the
free tolls provision until the diplomatic
differences can be cleared up we re-
lieve the tension concerning those
tolls. Besides, we shall get more money
to operate the canal, and my object
is to make it self sustaining."

"How long would it take to clear up
those diplomatic differences?"

"Well, I guess Fred here"—nodding
toward Congressman Stevens of Min-
nesota—"and myself will not be inter-
ested in whatever happens by that
time."

Mann Reluctant.

Two weeks before the session should
expire by limitation Minority Leader
Mann ceased to ask for a roll call on
motions to adjourn. When asked why
he replied: "Oh, I can be halfway
decent once in awhile. I intended to
give the boys a rest during the last
two weeks of the session; allow them
to go home if they wanted to without
missing a roll call or necessitating the
return of those who are away."

"Why have you got it in for me?"
asked Congressman Burke of South
Dakota. "I have been away for about
two months, missing every roll call,
and the first day I return ready to
answer you have no roll call."

"Quite a number of the boys were
caught that way," grinned Mann. "Vic
Murdoch and several of his Progress-
ives were among the number."

Admired Roosevelt.

Former Senator Cockrell of Missouri,
who was recently appointed a member
of the board of ordinance and fortifi-
cations, was a great admirer of The-
odore Roosevelt. Cockrell might have
been in the senate yet," remarked a
Missourian, "if he had not praised
Roosevelt so much during the 1904
campaign. He was loyal to Parker,
but he couldn't help saying nice things
about Roosevelt, and that helped to
beat him."

Wanted Details.

Senator Newlands was discussing a
general financial plan to take the place
of all that had been suggested in the
way of currency legislation. It was
rather involved—as one man said,
"nebulous." Finally Senator Clapp of
Minnesota interrupted the Nevada sen-
ator and asked him if he had embodied
his ideas in a bill. Newlands replied
in the negative. "I think there is a
great deal of force in what the senator
says," responded Clapp. "I should be
glad to see it worked out in detail. I
am very much interested in the details
of such a plan."

And most of the other senators pres-
ent chuckled as they realized that the
details of a Newlands proposition
would be a most elaborate affair.

A Food Guaranty?

There is permitted to be placed upon
many food and drugs articles the
words "guaranteed under the food and
drugs act." There is no guarantee in
that label, and many complaints are
being made about the abuse of those
words. It is probable that the depart-
ment of agriculture will have the priv-
ilege of using them canceled.

Public Documents.

Senator Cummins has begun tilting
at that hourly privilege—the printing
of all kinds of matter as senate doc-
uments in order to get free circulation
through the mails. Something like
3,250 pages of such documents on all
conceivable subjects has been printed
during the past year.

Ungrateful All The Human Race

"O Come, Let Us Give Thanks
Unto the Lord; For He
Is Good!"

DIVINE MERCY ENDURETH.

Ingratitude a Sin and a Shame—All
Should Render Praise—Though Not
All May Pray—The Difference.
Causes For Thankfulness—Why So
Few Respond—Causes of Ingratitude
and Discontent—Dumb Brutes More
Grateful—The Remedy.

(PASTOR RUSSELL)

Indianapolis, Ind., November 23.—Pastor Russell gave two addresses here today. We report the one from the text, "O give thanks unto the Lord; for He is good: for His mercy endureth forever." (Psalm 136:1.) The pastor said in part: Ingratitude is one of the least excusable sins. But alas, it is everywhere manifested. Rich and poor, learned and ignorant, appear to be growing in the spirit of ingratitude, unthankfulness, discontent, murmuring. And all this is in the face of the greatest blessings that the world has ever known. With the dawning of the New Era God seems to be opening His hand and showering blessings everywhere. "He openeth His hand and satisfeth every living thing"—except rebellious man. The more blessings coming to man, the more intelligence he attains, the less he seems to recognize the Fountain, the Source, of his favors. It seems paradoxical, but yet it is true, that the day of the greatest favors the world has ever known is the day of the greatest ingratitude and discontent.

Lessons From the Brutes.

The brute creation look up to man as their god—and properly so; for this is the Divine arrangement, that man should be the god to beasts, fish and fowl. Man is in the likeness of his Creator, who is the God of the Universe. With what shame do we realize that the ox knoweth his owner and the ass his master's crib, yet man ignores his Maker, and seems bent upon forgetting Him!

There is a reason for all this. The formation of the human brain shows us that reverence and gratitude to God would be the natural disposition of humanity. The organs of veneration, worship, spirituality, lie at the apex of the human constitution. In nothing therefore could man, rightly guided, and so much pleasure, peace and satisfaction as in the recognition of his God and the acknowledgment of obligation to Him. Why, then, the aversion to God, the endeavor to forget Him? the ignoring of His blessings and mercies, and the attempt to account for them all as matters of chance, operations of nature? Why is it that the family dog exhibits more of the spirit of loyalty, reverence, obedience and confidence in his master than man, with a higher intellect and capability, exercises toward

the God of all grace, the Father Mercies?—2 Corinthians 1:3.

"An Enemy Has Done This."

Our Lord in the parable of the Wheat and the Tares declares that He sowed good seed—pure Truth, intended to bring forth true, loyal children of God, children of the Kingdom. He tells us also that when the Apostles had fallen asleep in death the enemy, Satan, oversowed the wheat-field with tare seed—false doctrines. St. Paul designated these "doctrines of devils." (1 Timothy 4:1.) In due time the tare seed brought forth in the Church a terrible crop of demon doctrines, which have gone forth to the whole world to misrepresent God and His purposes.

Undoubtedly it is these doctrines of demons that have gotten their hold in our minds from childhood's hours, which have effected such a poisonous influence upon humanity as to drive the masses away from God—some in fear, some in disgust, some in total unbelief. Is it any wonder that intelligent people should try to convince themselves that there is no such God as the creeds have represented? It is not strange. It really is to their credit that they refuse to worship a being pictured in the creeds as far worse than the most depraved human being that ever was born.

It is no wonder that men try to disbelieve in a God who, they are told, had plotted the eternal torture of the race long before He created it, and has made every preparation for human torture to all eternity! Is it any wonder that the world repudiates the Bible, and desires to repudiate it, since Christians tell us that the Bible is the authority for all the atrocious theories respecting the Almighty's purposes?

We need not wonder. We are merely reaping in the present unbelief and discontent the results of the false doctrines handed down to us, and believed by us to be the Word of God, without the proper exercise of our heads or hearts to prove these and to see that they are doctrines of devils, wholly separate from and contrary to the teaching of God's Word.

His Text and Context.

Notice how contrary our text is to everything we have been taught respecting the Heavenly Father. It gives us the true basis for things—an appreciation of God's goodness: "O give thanks unto the Lord; for He is good!" Then follows the assurance that Divine mercy endureth forever. Ah! this is the merciful God which our souls have hungered after! When St. Paul declared that the heathen were feeling after God that they might find Him, it was this true God whose mercy endureth forever that they were feeling after. And when we presented to them a horrible misrepresentation, showing Him to be the instigator of eternal torture for all our race, this blasphemy has served to turn their hearts from Him and from the Bible.

It is high time that we realized the terrible mistake we made. It is high time that we began to preach the Message of our text, "His mercy endureth forever." This expression respecting the endlessness of Divine Mercy is repeated twenty-five times in this one Psalm alone. And yet we as Christians have denied this statement, and have declared instead that God's mercy is only for the Elect; that the thousands of millions of heathendom and other hundreds of millions in Christendom will have no mercy.

Knowing that the majority of minds are darkened through sin, ignorance, and superstition; knowing that the Apostle declares that Satan has blinded the minds of all unbelievers; knowing that the Lord through the Apostles and the Prophets has declared that the coming Age of Messiah's Kingdom is the time when all the deaf ears will be unstopped and all the blinded eyes opened, and that the glory of the Lord shall cover the whole earth—in spite of all this we have cried out to the world that there will be no mercy for them beyond the grave, that God's mercy does not endure forever, but merely for the time we call the present life.

Why do we thus contradict the Almighty? What motive is there behind this? In seeking to restrict the grace of God to the present unfavorable time of blindness and darkness, we have had the encouragement of Satan, and the visions, messages and dreams caused by the fallen angels. St. Paul pictured our day exactly, saying, "Many shall depart from the faith, giving heed to seducing spirits and doctrines of devils."

Tell the Truth—Shame the Devil.

It is time for all who love the Lord and the Bible to get straight themselves and then to help others. It is time that the world knew what real cause it has for gratitude to God and for contentment with the blessings now being enjoyed. It is time to tell them that the death of Christ is to be the full offset of the sin of Adam, and that the death penalty of Adam's sin is to be fully lifted. It is time to tell them that during Messiah's Reign of a thousand years the world will rise again out of sin and death to righteousness and life everlasting—the reversal of the present reign of Sin and Death.

It is time to tell them that God indeed has been electing, or selecting, saints, not to the injury of the non-elect; that the work of the Elect, in association with Jesus for a thousand years, will be the blessing of all the families of the earth—the non-elect.

It is time to tell the world that the Bible hell is the tomb, Sheol, Hades; that from it all will be redeemed and will have opportunity for resurrection to perfection of life everlasting; and that only the wilfully wicked will die the Second Death, symbolically illustrated by Gehenna. It is time to tell them that all—both good and bad, rich and poor—have been going to the Bible hell, the tomb; and that the First Resurrection will be constituted only of the saints, the Church, who are to be associated with Christ in His Kingdom.—Revelation 20:6.

It is time to tell them that none except those begotten of the Holy Spirit since Pentecost will ever reach the Heavenly condition and share the Divine nature. It is time to tell them that God's blessed provision for Adam and the remainder of his race is Restoration—restoration to human perfection from which they fell, and to a world-wide Eden—God's footstool made glorious.

It is time to tell them that all the thorns, thistles, trials, difficulties, sorrows and tears of the past six thousand years are part of the penalty, "Dying, thou shalt die." It is time to tell them that God during Messiah's Kingdom, by uplifting the race, will wipe away the tears from off all faces. It is time to let them know that He is indeed a God whose mercy endureth forever; and that although His mercy is as yet extended only to the Church and to Natural Israel, eventually in the coming Age it shall extend to every member of the race for which Christ died.

On This Basis Thankfulness.

On the basis of this knowledge of God, knowledge of why sorrow and death prevail, the world would be ready to acknowledge the grace of God, His boundless mercy, and willing and glad to give thanks to Him.

We make a sharp distinction between the privilege of prayer and thanksgiving. All who appreciate God's goodness may offer worship in the sense of thanks, acknowledgment, appreciation. Prayer is a wholly different matter. None have the privilege of prayer with the assurance it will be heard except those who approach God through the great Advocate whom He has appointed. And none can approach through this Advocate except on the Divine terms that they become His disciples, and take up their cross and follow Him.

Thus the number privileged to approach the Throne of Heavenly Grace and obtain help in time of need is limited to the Church of Christ. These have special guidance in all their affairs, because they have come into the family of God. But even those who are aliens and strangers may pay homage in the presence of the great King—just as only the citizens of a country may have the ballot or other privileges of citizenship, but the foreigner may uncover his head, hail the ruler and acknowledge blessings enjoyed, even though he has not become a citizen and does not enjoy the privileges of the ballot, etc.

Thanksgiving Day.

A beautiful and appropriate custom prevails in the United States—the setting apart of the last Thursday in each November as a day of special thanksgiving to God for the harvest bounties and all the blessings of the year past. With the majority it has deteriorated into a mere formalism—a holiday. The cause of this is the growth of unbelief, and unbelief has grown with higher education; for the educated, repelled by the false pictures of the Almighty, have turned from the God of the Bible and from any conception of a personal God, and are instructing the flower of the rising generation in infidelity, unbelief in the Bible—we might almost say, in atheism.

This is the key to the situation. The only way back to God, to faith, contentment, thanksgiving, is through the

dissemination of the knowledge of the glory of God, that He is a God of Love, that His mercy endureth forever, that He has only begun His salvation in the gathering of the Church, and that eventually it shall extend to every creature, during Messiah's Thousand-Year Reign.

Let us not wait for denominational movement, which will never come. Let us each feel a personal responsibility. Let each one who receives the blessing "show forth the praises of Him who called us out of darkness into His marvelous light." Let each one who appreciates the true basis of thankfulness report the Message of the Kingdom to others, that they, too, may be blessed.

The Bible, however, does not lead us to hope for any such condition at the present time. On the contrary, it tells that the present unbelief and discontent will increase, and will involve the entire world in a Time of Trouble, the climax of which will be anarchy.

"His Mercy Endureth Forever."

However, the Bible proceeds to tell that in man's extremity, when faith shall have largely fled from the world, when discontent shall have burst into anarchy, when the present social fabric shall have collapsed, then God will, nevertheless, be merciful; for His mercy endureth forever.

God's mercy will then be manifested in the prompt establishment of the Messianic Kingdom. Man's extremity will be God's opportunity for showing forth His great mercy and love; for He loved the world when they were yet sinners.—Romans 5:8.

Let Us Be Thankful.

If our hearts have not been overcome by the tidal waves of unbelief sweeping over the world, it is a cause for gratitude to God, and for a resolution that, by His grace, we will seek to know Him better, appreciate Him more, and increase our thankfulness. If we have a faith that recognizes Divine providence, especially in the affairs of the Church, and also in the affairs of the world, let us be grateful, and let us remember that faith can be cultivated or can be dwarfed.

With the disciples of old let us pray, "Lord, increase our faith"; and let us use the means the Lord has provided for the increase of our faith. Let us note in God's Word the fulfillments of His promises and the application of the Scriptures to our own personal experiences. Let us grow in appreciation of the truths of the Bible, in increased energy in the study of the Bible and in the application of its Message to our own hearts. Let us also grow in increased thankfulness and effort to show forth the praises of the Lord and to assist others out of darkness into the light which we ourselves are more and more enjoying.

While we are not to think of God in the way we do of man, that He would be similarly hurt or pleased or offended or disappointed, nevertheless we know that man was made in God's image. We are justified, therefore, in assuming that as we would appreciate thankfulness, gratitude, in the heart of those who are sharers of our bounties—our children or our servants or our dumb animals—so God is surely pleased with those who are appreciative of His goodness, who think upon His favors and who make acknowledgment of them, who seek to show forth His praises to others and who by faith are trusting Him even where they cannot trace Him.

O Give Thanks to God!

My hope is that not only the audience I am now addressing will have a very happy and appreciative Thanksgiving Day on Thursday next, but that the same blessing may extend to all of the larger congregation which I address weekly through the public press. Even if but a few shall be made more thankful to God for His mercies, that few I am sure, will be made more happy themselves, more pleasing to God. And if they be not already of His consecrated people, I am sure that the gratitude arising from their hearts in sweet incense to our Maker will react upon themselves favorably and help them to that condition of heart and mind in which they might become holy and acceptable sacrifices to God through Jesus Christ.—Romans 12:1.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's recipe to bring color, lustre and thickness to hair when faded, streaked or gray.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mays the face. When it fades, turns gray, streaked and looks dry, wispy and ragged, just an application or two of Sage and Sulphur enhances its appearance a hundred-fold.

Don't bother to prepare the tonic; you can get from any drug store a 50 cent bottle of Wyeth's Sage and Sulphur Hair Remedy, ready to use. This can always be depended upon to bring back the natural hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw it through the hair, taking one strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.
